

# CUSTOMS REGULATIONS

## ALL REGULATIONS IN ONE PLACE.

Simply search by 'cargo descriptions' to match **79+ countries'** customs regulations, including import restrictions and import taxes.

## It's like **ChatGPT** for customs regulations.

We support **24 languages**, and use **billions of real-life data** to match any cargo content to **HS codes, import taxes and import restrictions**. With our quick search, flag for any restricted items or find out what's the most favorable HS codes to declare for taxes or customs clearance.

## DANGEROUS GOODS

With our **unique scoring system**, find out what's the danger level of the items being shipped with potential presence of **flammable liquids, batteries or dry ice**.

## PRE-BORDER AND POST-BORDER HS GOODS RESTRICTIONS

Some goods require license to be sold in the domestic market, such as consumer food products covered by the TBT or SPS. Find out whether the goods shipped will be stopped for inspection for having such license.
